Beacon Bay

Making Boating More Affordable

Beacon Bay Marina is naturally protected from the wind and wake at the foot of Penetanguishene Harbour. From fishing boats to luxury yachts, our staff will treat your vessel with the professionalism and care it deserves.

Breaking News!!!

We now own the finest Marinas in Canada!! I've boated the Great Lakes for the last 40 years and I can tell you without a doubt that we have the best locations, the best facilities, and the most knowledgeable managers in the business.

I'm sure you all have questions about the new ownership group. We are a group of Canadian Investors that have been doing business together for 20 years. Most of us were major shareholders in Parkbridge, and I personally acted as C.E.O until 2011.

We pride ourselves on having a "small business" mentality, where decisions are made quickly, and where we leave our managers alone to do their job. Our operating philosophy will be simple – provide exemplary customer service, don't nickel and dime the customer, and run these Marinas like they are a family business. The "corporate" model that you've seen for the last six years is now **out the window**.

I hope that you can be proud of your Marina, and I'll do everything I can to ensure that the valuable leisure time spent at your boat is both worry free, and enjoyable.

If you have any questions at all, please feel free to contact me at info@mlmarinas.com

Maple Leaf Marinas

Greetings Boaters, as we move into the 2018 boating season I must say that I am excited to be back at the helm of Canada's five best marinas.

In our working careers, we all look forward to retirement. My retirement lasted only two short amazing years. I must admit I sure

missed the marina business. My entire career I have had the opportunity and privilege of coming to work every morning to a marina environment – it just does not get any better than that.

Looking forward, I want to do things a little different. During my first year of retirement I had the wonderful opportunity to skipper a large vessel from Naples Florida to Georgian Bay. During that period, my wife Marlaine and I got to experience many marinas – and did we ever learn a few things.

The marinas that left us with lasting impressions were not necessarily those that were the newest with all the amenities.

It was the marinas that had well trained staff, the marinas that paid attention to all the small details, like flowers, landscaping, lighting, cleanliness, Etc.

Yes, we can be proud of our five Georgian Bay and Trent Severn Marinas; but we can do better, a lot better and we will.

My goals moving forward:

Exceptional customer service

Immaculate grounds keeping

Extended operating hours

Added value to your boating budget

It may be winter, but we'll be boating before you know it and like you, we can't wait.

We are very pleased to move forward with the new company which will enable us to create and establish our own unique marina-specific culture here at Beacon Bay.

Be confident that we will continue our long tradition of a family-friendly marina, an ideal place to make memories with friends and family. It's hard to beat our relaxed, safe harbour nestled in a resort-like setting on Penetang Bay. We are on the doorstep to the beautiful boating gem that is Georgian Bay, where exceptional adventures await new boaters and seasoned sailors alike.

Our experienced and knowledgeable full service team is well established and ready to get you on the water quickly.

We understand it's more than just a boat, it's your summer lifestyle and every minute is precious.

Customer satisfaction is my goal here at Beacon Bay and it's important to me to have your feedback now and in the months ahead.

We are here to serve our boaters and each one of you can help us make this marina amazing. Please call me any time with your comments and suggestions. We want to improve your boater experience and your valuable time spent on the water.

Boat Insurance: *So relaxing*

Relaxing? Sure. With the right insurance and the right people behind it, boat insurance can safely be stowed so you can enjoy your boat without worrying. You probably won't need us, but if you do need your coverage, it will be there for you.

With more than 50 years of experience and a knowledgeable team of professionals, we'll take care of insurance while you worry about more important things like entertaining guests and enjoying summer days.
